2

Qualifications / experience

Demonstrable experience and or qualifications in restoration, repairs and servicing of classic, vintage or pre-war vehicles -5 years minimum (preferred.)

Job description

We are looking for a classic car mechanic to restore a variety of historically interesting vehicles in our care. If you are passionate about classic vehicles and enjoy challenging restoration projects to put your skills, knowledge and experience to the test, then this may be the perfect opportunity for you.

In this role you will be joining a highly skilled team, although you will also be expected to work independently, taking ownership and pride in the restoration project assigned to you.

Who we are looking for:

A self-motivated, reliable individual who is confident in taking on challenging and varied restoration work.

Can bring previous experience of working with classic, vintage, pre-war, veteran cars

Strong practical and problem-solving skills

Well organised and able to manage own workload efficiently

Able to work independently but also get along with and help others in the team when required

A respectful individual, considerate of both customer and business timelines and others who share our unit

How to apply:

If you wish to submit a portfolio of work or CV to support your application or have any questions about this role, please email.

Salary is dependent on experience and skill level and can be discussed during interview.
